Profile

Cybersecurity Technician with a solid foundation in network security, threat analysis, and incident response. I am proficient in using tools such as Kali Linux, Wireshark, and Metasploit, specializing in malware analysis and penetration testing. My projects and practical courses have provided me with direct experience setting up secure networks. I am eager to apply my skills through work, contribute to protecting digital assets, and provide cloud solutions.

Education

Bachelor's Degree in Cybersecurity   **Oct 2021 – Nov 2025**
Tafila Technical University
GPA: Good - Developed a Flutter app with AES/RSA/ChaCha20 encryption, advanced steganography (zero-width, homoglyph, whitespace), online encrypted chat, message expiry, and Firebase authentication.

Employment

Penetration Testing Intern   **Jul 2025-Sep 2025**
CrossRealms International

- Internship provided a safe environment for exploiting & mitigating vulnerabilities.
- Trained on Kali Linux, Metasploitable2 & Metasploitable3 as learning environment.
- Over 15 critical vulnerabilities were discovered using Kali tools & MCP's.

Information Technology Intern   **Jul 2024-Sep 2024**
Jordan Data Systems

- Assisted in deploying and configuring network servers and wireless access points, improving overall performance and coverage.
- Provided technical support for 50+ client devices, troubleshooting OS, networking, and hardware issues.

Certificates

OCI AI Associate   **Oct 2025**
Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate

ISC2 Candidate   **Feb 2025**
ISC2

GitHub Foundations   **Jul 2024**
GitHub Foundations Certification Program

Courses

Advanced Data Analytics   **Jun 2025**
Training and Competitions by Correlation One
250 Hours Course
